

NOTICE: BCBSAZ Health Choice is Not Impacted by Yavapai Regional Medical Center Contract Discussions

February 2, 2023

Dear providers,

There are news reports out about current contract discussions between Dignity Health (who owns Yavapai Regional Medical Center) and Blue Cross Blue Shield of Arizona (BCBSAZ).

Understandably, this is causing concern for our Medicaid (BCBSAZ Health Choice - HCA) and Medicare HMO D-SNP (BCBSAZ Health Choice Pathway - HCP) members.

We want to make it clear that these negotiations for other lines of business do not impact coverage or payment for HCA and HCP members.

Please assure your patients that their coverage remains the same and they can seek care as they normally would, including at Yavapai Regional Medical Center. We also want to share that BCBSAZ is working swiftly to resolve those issues.

Please reach out to your Provider Performance Representative with any questions. Thank you for the care you provide our members and for being a valued part of our network.
