What is the Health Choice Pathway Formulary?

A formulary is a list of covered drugs selected by Health Choice Pathway in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Health Choice Pathway will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Health Choice Pathway network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Health Choice Pathway’s Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary; or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 31-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Health Choice Pathway’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2021 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2021 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of December 1, 2021. To get updated information about the drugs covered by Health Choice Pathway, please contact us. Our contact information appears on the front and back cover pages. Mid-year non-maintenance formulary changes will be posted to our website at www.HealthChoicePathway.com

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 7. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular. If you know what your drug is used for, look for the category name in the list that begins on page number 7. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 76. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Health Choice Pathway covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Health Choice Pathway requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Health Choice Pathway before you fill your prescriptions. If you don't get approval, Health Choice Pathway may not cover the drug.
- **Quantity Limits:** For certain drugs, Health Choice Pathway limits the amount of the drug that Health Choice Pathway will cover. For example, Health Choice Pathway provides 12 tablets per prescription for sumatriptan. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Health Choice Pathway requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Health Choice Pathway may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Health Choice Pathway will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 7. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Health Choice Pathway to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Health Choice Pathway's formulary?" on page iv for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Health Choice Pathway does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Health Choice Pathway. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Health Choice Pathway.
- You can ask Health Choice Pathway to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Health Choice Pathway's Formulary?

You can ask Health Choice Pathway to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Health Choice Pathway limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Health Choice Pathway will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 31-day supply of medication. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For current Health Choice Pathway members moving from one treatment setting to another a transition fill of a Part D medication will be provided. Examples of these level of care changes include but are not limited to the following: beneficiary enters an LTC facility from a hospital, beneficiary is discharged from a hospital to a home, beneficiary ends a skilled nursing facility Medicare Part A stay and reverts to the Part D plan formulary, beneficiary gives up hospice status and reverts to standard Medicare Part A and B benefits, beneficiary ends a LTC facility stay and returns to the community, and beneficiary is discharged from psychiatric hospitals with drug regimens that are highly individualized. Additionally for beneficiaries admitted to or discharged from an LTC facility, early refill edits are not used to limit appropriate and necessary access to their Part D benefit.

¿Qué es el formulario de Health Choice Pathway?

Un formulario es una lista de medicamentos cubiertos seleccionados por Health Choice Pathway en consulta con un equipo de proveedores de atención médica, que representa las terapias prescritas que se cree que son una parte necesaria de un programa de tratamiento de calidad. Health Choice Pathway generalmente cubrirá los medicamentos listados en nuestro formulario siempre y cuando el medicamento sea médicamente necesario, si la receta se surte en una farmacia de la red de Health Choice Pathway y se siguen otras reglas del plan. Para obtener más información sobre cómo surtir sus recetas médicas, revise su Evidencia de cobertura.

¿Puede cambiar el formulario (lista de medicamentos)?

La mayoría de los cambios en la cobertura de medicamentos ocurren el 1 de enero, pero podemos agregar o quitar medicamentos de la Lista de medicamentos durante el año, cambiarlos a diferentes niveles de costo compartido o agregar restricciones nuevas. Debemos seguir las reglas de Medicare para hacer estos cambios.

Cambios que pueden afectarle este año: En los siguientes casos, usted se verá afectado por los cambios en la cobertura durante el año:

- **Nuevos medicamentos genéricos.** Es posible que eliminemos inmediatamente un medicamento de marca de nuestra lista de medicamentos si lo reemplazamos con un nuevo medicamento genérico que aparece en el mismo nivel de costo compartido o en uno inferior y con las mismas restricciones o menos. Además, cuando se agrega un nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra lista de medicamentos, pero lo cambiaremos inmediatamente a un nivel distinto de costo compartido o agregaremos restricciones nuevas. Si actualmente toma dicho medicamento de marca, es posible que no le informemos con anticipación de dicho cambio, pero después le proporcionaremos información específica sobre los cambios precisos que hemos hecho.
 - Si hacemos dicho cambio, usted o el médico que emite las recetas pueden pedirnos que hagamos una excepción y sigamos con la cobertura del medicamento de marca para usted. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción y, además, puede encontrar información en la sección de abajo que se titula “¿Cómo solicito una excepción al formulario de Health Choice Pathway?”
- **Medicamentos retirados del mercado.** Si la Administración de Alimentos y Medicamentos considera que un medicamento en nuestro formulario no es seguro o si el fabricante retira el medicamento del mercado, eliminaremos inmediatamente dicho medicamento de nuestro formulario y les avisaremos a los miembros que toman dicho medicamento.
- **Otros cambios.** Es posible que hagamos otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un nuevo medicamento genérico para reemplazar a uno de marca que aparece actualmente en el formulario, o agregar nuevas restricciones al medicamento de marca o cambiarlo a un nivel distinto de costo compartido. O podemos hacer cambios según las nuevas pautas clínicas. Si eliminamos medicamentos de nuestro formulario o agregamos una autorización previa, límites de cantidad o restricciones de terapia escalonada a un medicamento, debemos informar del cambio a los miembros afectados 30 días antes de la entrada en vigencia del cambio o en el momento en que el miembro solicite una renovación del medicamento, en cuyo caso recibirá un suministro para 31 días del medicamento.

- o Si hacemos estos cambios, usted o el médico que emita las recetas pueden pedirnos que hagamos una excepción y sigamos con la cobertura del medicamento de marca para usted. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción y, además, encontrará información en la sección de abajo que se titula “¿Cómo solicito una excepción al formulario de Health Choice Pathway?”

Cambios que no le afectarán si actualmente está tomando el medicamento. Por lo general, si usted toma un medicamento que aparece en nuestro formulario 2021 que estuvo cubierto al principio del año, no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2021, excepto como se describió anteriormente. Esto significa que estos medicamentos permanecerán disponibles con el mismo costo compartido y sin nuevas restricciones para los miembros que toman los medicamentos durante el resto del año de cobertura. Este año no se le notificarán directamente los cambios que no le afecten. Sin embargo, el 1 de enero del año siguiente, esos cambios le afectarán, y es importante revisar la lista de medicamentos para el nuevo año de beneficios por cualquier cambio en los medicamentos.

El formulario adjunto entrará en vigencia el 1 de diciembre de 2021. Comuníquese con nosotros para obtener información actualizada de los medicamentos cubiertos por Health Choice Pathway. Nuestra información de contacto aparece en la portada y en la contraportada. Los cambios a mitad de año relacionados con los medicamentos que no son de mantenimiento se publicarán en nuestro sitio web www.HealthChoicePathway.com

¿Cómo uso el formulario?

Hay dos formas de buscar un medicamento en el formulario:

Afección

El formulario comienza en la página 7. Los medicamentos en este formulario están agrupados en categorías según el tipo de afección. Por ejemplo, los medicamentos que se usan para tratar una afección cardíaca aparecen en la categoría Cardiovascular. Si sabe para qué toma el medicamento, busque el nombre de la categoría en la lista que comienza en la página 7. Luego, busque el medicamento en el nombre de la categoría.

Lista por orden alfabético

Si no está seguro en qué categoría buscar, debería buscar el medicamento en el Índice que comienza en la página 76. El Índice proporciona una lista por orden alfabético de todos los medicamentos que se incluyen en este documento. En el Índice aparecen los medicamentos genéricos y los de marca. Busque su medicamento en el Índice. Al lado del nombre del medicamento, verá el número de página donde puede encontrar la información de cobertura. Vaya a la página que indica el Índice y busque el nombre del medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Health Choice Pathway cubre los medicamentos de marca y los medicamentos genéricos. Un medicamento genérico está aprobado por la Administración de Alimentos y Medicamentos (Food and

Drug Administration, FDA) porque tiene los mismos ingredientes activos que el medicamento de marca. Por lo general, los medicamentos genéricos son más baratos que los de marca.

¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites en la cobertura. Estos requisitos y límites pueden ser, entre otros, los siguientes:

- **Autorización previa:** Health Choice Pathway exige que usted [o su médico] obtengan autorización previa para ciertos medicamentos. Esto quiere decir que deberá obtener la aprobación de Health Choice Pathway antes de surtir sus recetas médicas. Si no obtiene la aprobación, es posible que Health Choice Pathway no cubra el medicamento.
- **Límites en la cantidad:** Para ciertos medicamentos, Health Choice Pathway limita la cantidad de medicamento que cubrirá Health Choice Pathway. Por ejemplo, Health Choice Pathway proporciona 12 comprimidos por receta médica de Sumatriptán. Esto puede ser adicional al suministro estándar para uno o tres meses.
- **Terapia escalonada:** En algunos casos, Health Choice Pathway exige que pruebe primero con ciertos medicamentos para tratar su afección antes de cubrir otro medicamento para dicha afección. Por ejemplo, si el medicamento A y el medicamento B tratan su afección, es posible que Health Choice Pathway no cubra el medicamento B a menos que primero pruebe el medicamento A. Si el medicamento A no sirve para su afección, entonces Health Choice Pathway cubrirá el medicamento B.

Para saber si su medicamento tiene algún requisito o límite adicionales, busque en el formulario que comienza en la página 7. Además, puede visitar nuestro sitio web para encontrar más información sobre las restricciones que se aplican a medicamentos cubiertos específicos. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y terapia escalonada. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, aparece en la portada y en la contraportada.

Puede pedir a Health Choice Pathway que haga una excepción para estas restricciones o límites, o puede pedir una lista de otros medicamentos similares para tratar su afección. Consulte la sección: “¿Cómo solicito una excepción al formulario de Health Choice Pathway?” en la página xii para obtener información sobre cómo solicitar una excepción.

¿Qué pasa si mi medicamento no aparece en el formulario?

Si el medicamento no se incluye en este formulario (lista de medicamentos cubiertos), primero debería comunicarse con Servicios para Miembros y preguntar si el medicamento está cubierto.

Si le indicaron que Health Choice Pathway no cubre su medicamento, tiene dos opciones:

- Puede pedir a Servicios para Miembros una lista de medicamentos similares que están cubiertos por Health Choice Pathway. Cuando reciba la lista, muéstresela al médico y pídale que le recete un medicamento similar que esté cubierto por Health Choice Pathway.
- Puede pedir a Health Choice Pathway que haga una excepción y cubra su medicamento. Lea abajo la información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario de Health Choice Pathway?

Puede pedir a Health Choice Pathway que haga una excepción a nuestras normas de cobertura. Hay distintos tipos de excepciones que puede solicitarnos.

- Puede pedirnos cubrir un medicamento incluso si no está en nuestro formulario. Si se aprueba, cubriremos el medicamento a un nivel de costo compartido predeterminado y no podrá pedirnos que proporcionemos el medicamento a un nivel inferior de costo compartido.
- Puede pedirnos que renunciemos a las restricciones o límites de cobertura de su medicamento. Por ejemplo, para ciertos medicamentos, Health Choice Pathway limita la cantidad de medicamento que cubriremos. Si el medicamento tiene un límite de cantidad, puede solicitarnos que renunciemos al límite y cubramos una cantidad mayor.

Por lo general, Health Choice Pathway solo aprobará su solicitud de excepción si los medicamentos alternativos se incluyen en el formulario del plan o si las restricciones de uso adicionales no serían tan eficaces para el tratamiento de su afección o provocarían efectos secundarios adversos.

Debe comunicarse con nosotros para pedirnos tomar una decisión de cobertura inicial para una excepción al formulario o a la restricción de uso. **Cuando solicita una excepción al formulario o restricción de uso, debería presentar una declaración del médico que receta para respaldar su solicitud.** Por lo general, debemos tomar nuestra decisión dentro de 72 horas después de recibir la declaración de respaldo del médico que emite las recetas. Puede solicitar una excepción acelerada (rápida) si usted o el médico consideran que su salud podría estar en riesgo si espera hasta 72 horas por una decisión. Si se aprueba la solicitud para una excepción acelerada, debemos informarle de nuestra decisión a más tardar 24 horas después de recibir la declaración de respaldo del médico que receta u otro médico.

¿Qué debo hacer antes de hablar con el médico sobre cambiar mis medicamentos o solicitar una excepción?

Como un afiliado nuevo o existente de nuestro plan, puede tomar medicamentos que no aparecen en el formulario. O es posible que tome un medicamento que aparece en nuestro formulario pero su capacidad para adquirirlo es limitada. Por ejemplo, es posible que necesite una autorización previa de nosotros antes de surtir su receta médica. Debería hablar con el médico para decidir si debe cambiar su medicamento por uno que cubramos o si debe solicitar una excepción al formulario para poder cubrir el medicamento que toma. Durante el tiempo que toma hablar con el médico para determinar el tratamiento adecuado para usted, podemos cubrir el medicamento en ciertos casos durante los primeros 90 días en que es afiliado del plan.

Para cada uno de los medicamentos que no aparecen en nuestro formulario, o si su capacidad para obtenerlos es limitada, cubriremos un suministro temporal para 31 días. Si la receta es por menos días, autorizaremos renovaciones para proporcionarle un suministro para 31 días de medicamento, como máximo. Después del suministro para los primeros 31 días, no pagaremos estos medicamentos, incluso si ha sido afiliado del plan durante menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en nuestro formulario, o si su capacidad para obtener sus medicamentos es limitada, pero ya ha pasado los primeros 90 días de afiliación a nuestro plan, cubriremos un suministro de emergencia de ese medicamento para 31 días mientras solicita una excepción al formulario.

Para afiliados actuales de Health Choice Pathway que cambian de un entorno de tratamiento a otro, se surtirá una receta de transición de un medicamento de la parte D. Algunos ejemplos de cambios en este nivel de atención son, entre otros, los siguientes: un beneficiario ingresa a un centro de atención a largo plazo (long term care, LTC) desde un hospital, el beneficiario recibe el alta de un hospital a un hogar, el beneficiario finaliza una estancia en un centro de enfermería especializada de la parte A de Medicare y vuelve a la parte D del formulario del plan, el beneficiario renuncia al estado de cuidados paliativos y vuelve a los beneficios estándar de la parte A y B de Medicare, el beneficiario pone fin a una estancia en un centro de LTC y vuelve a la comunidad y el beneficiario recibe el alta de un hospital psiquiátrico con un régimen de medicamentos que es altamente personalizado. Además, para los beneficiarios ingresados o que reciban el alta de un centro LTC, no se usan modificaciones de renovación antes de plazo para limitar el acceso adecuado y necesario a los beneficios de la parte D.
